List of best selling books Wikipedia

This page provides lists of best-selling individual books and book series to date and in any language. "Best selling" refers to the estimated number of copies sold of each book, rather than the number of books printed or currently owned. Comics and textbooks are not included in this list. The books are listed according to the highest sales estimate as reported in reliable, independent sources.

Black magic Wikipedia

Black magic has traditionally referred to the use of supernatural powers or magic for evil and selfish purposes. With respect to the left-hand path and right-hand path dichotomy, black magic is the malicious, left-hand counterpart of the benevolent white magic. In modern times, some find that the definition of "black magic" has been convoluted by people who define magic or ritualistic practices
