Meg Cabot is back with her new book Airhead- her first teen book with Scholastic and it's definitely a change from previous novels. While it's not exactly supernatural, you could say the book is a new age science fiction mixed with chick lit.

This book was fantastic. I loved Airhead and I read it in two days. Being Nikki took me even less time. The only unfortunate part of this book was that it ended. And, according to Meg Cabot's website, I have to wait until May 3, 2010 to read Runaway, the third novel in the addictive and fabulous Airhead series.
