Hear No Evil Audiobook by Donald Byron Thomas Audible com

What made the experience of listening to Hear No Evil the most enjoyable? The end. Seriously. The last two chapters made it all worthwhile. What other book might you compare Hear No Evil to and why? No other book that I've ever read or listened to end-to-end can compare. The level of analysis and detail presented by Thomas is incredible.

Hear No Evil is a fast-moving, Jack Swyteck thriller. Like the previous three novels in this series, the plot of this novel is intricate and moves at a staccato pace. Throw in a twist at the end of every chapter and you have a great summer read. Grippando is fast becoming one of my favorite thriller writers.
