David Brown Ltd Wikipedia

Brown and Ferguson disagreed over tractor design details in the late 30s, which led David Brown to design his own version, the VAK1, in secret. This was launched at the 1939 Royal Show. Ferguson split away from Brown and joined up with Henry Ford in 1938, after a 'handshake' agreement, to allow his 'Ferguson System' three-point linkage to be used on the Fordson N tractors.
