Probate Wikipedia

Probate is the judicial process whereby a will is "proved" in a court of law and accepted as a valid public document that is the true last testament of the deceased, or whereby the estate is settled according to the laws of intestacy in the state of residence [or real property] of the deceased at time of death in the absence of a legal will.. The granting of probate is the first step in the

Information Terms Minnesota Probate and Estate Planning

Probate and Estate Planning Terms Bond In some instances, the probate court will require that a bond be posted by the personal representative. The idea of the bond is to make sure (through an insurance company in most cases) that any losses caused by the personal representative's breach of their duties will be repaid.

Will and testament Wikipedia

Throughout most of the world, disposal of an estate has been a matter of social custom. According to Plutarch, the written will was invented by Solon. Originally, it was a device intended solely for men who died without an heir.. The English phrase "will and testament" is derived from a period in English law when Old English and Law French were used side by side for maximum clarity.
