Checkpoints MaThCliX MaTh Learning CenTer

Checkpoints is about how to be an effective tutor through making a friend, finding a need, and meeting that need. This is an area I struggle with because there are areas of math that I get really excited about. we use multiple techniques geared to a student s learning style to help the student understand solutions that they can

Self Assessment in Middle School Edutopia

However, the primary benefit of using learning targets is that they allow students to articulate and measure their own learning. For me as a math teacher, there s nothing more rewarding than witnessing my students engaged in a mathematical discussion, and learning targets offer the language to begin these discussions. Checkpoints and Self
