Existence of God Wikipedia

The existence of God is a subject of debate in the philosophy of religion and popular culture.. A wide variety of arguments for and against the existence of God can be categorized as metaphysical, logical, empirical, or subjective. In philosophical terms, the question of the existence of God involves the disciplines of epistemology (the nature and scope of knowledge) and ontology (study of the

God Wikipedia

In the English language, capitalization is used for names by which a god is known, including 'God'. Consequently, the capitalized form of god is not used for multiple gods or when used to refer to the generic idea of a deity. The English word God and its counterparts in other languages are normally used for any and all conceptions and, in spite of significant differences between religions, the
