Parents need to know that this book is a tremendously powerful portrayal of life under the Nazis, especially as it was experienced by German youth. Characters suffer cruel fates but also are great examples of the power of personal sacrifice, heroism, friendship, and courage.

Book Reviews Some will argue that a book so difficult and sad may not be appropriate for teenage readers. The Book Thief was published for adults in Zusak's native Australia, and I strongly suspect it was written for adults. Adults will probably like it (this one did), but it's a great young-adult novel.

The Book Thief Kids Book Reviews and Ratings at DOGO Books

The Book Thief is an extremely well written book with elaborate figurative language and descriptive settings. I really enjoyed the metaphors and diction that made reading the book very colorful and unique; it seemed as if all the scenes were vividly painted through words.

The Book Thief by Markus Zusak Summary and reviews

The Book Thief is an extraordinary, heartbreaking book. Like The Curious Incident of the Dog in The Night-Time, which was initially targeted at young adults in Britain but to adults in the USA, The Book Thief is one of those rare books that really does speak to both young and old alike.

Amazon com Customer reviews The Book Thief

I saw the movie The Book Thief several years ago and loved it. When I decided it was time to read the book I was absolutely captivated. Although the book is 550 pages long, I read it in just two days it was THAT good.

The book is different in several ways, ways in which I won't go into in my review.
