Henry Hudson u s history com

Henry Hudson, the English navigator, failed in his great quest to find an all-water route to the East, but was rewarded for his efforts by having a number of prominent North American geographic features named in his honor.. Little is known of Henry Hudson s early life, but he apparently gained enough seafaring experience to be hired by large maritime concerns.

Hudson River Wikipedia

The Hudson River is a 315-mile (507 km) river that flows from north to south primarily through eastern New York in the United States. The river originates in the Adirondack Mountains of Upstate New York, flows southward through the Hudson Valley, and eventually drains into the Atlantic Ocean at New York Harbor, between New York City and Jersey City. The river serves as a political boundary
