one line, is the designing principle of the story. This helps you extend the premise into deep structure. The designing principle is what organizes the story as a whole. It is the internal logic of the story, what makes the parts hang together organically so that the story becomes greater than the sum of its parts. It is what makes the story original.

Anatomy of a Short Story Writing Blog Scribophile

At the beginning of every school year, my sophomores read and write about a short story by Mark Helprin called "White Gardens." The assignment is purely diagnostic, designed to get them back in the swing of reading after a summer numbed by Facebook and Xbox 360s, and to get a sample of their writing so I can figure out what I've got to work with.
