

[THE UX BOOK](#)

RELATED BOOK :

The UX Book Agile UX Design for a Quality User Experience

The discipline of user experience (UX) design has matured into a confident practice and this edition reflects, and in some areas accelerates, that evolution. Technically this is the second edition of The UX Book, but so much of it is new, it is more like a sequel.

The UX Book Process and Guidelines for Ensuring a Quality

There are just too many pages in this book. I'd say 200-300 could have done the job. I suspect that the writers of teaching books are paid by number of pages and not by relevance. There are real values to get from reading The UX Book, but you will have to comb through so much before you find it. It's a shame and it's not OK.
