### **Aviation in World War I Wikipedia**

World War I was the first major conflict involving the large-scale use of aircraft. Tethered observation balloons had already been employed in several wars, and would be used extensively for artillery spotting. Germany employed Zeppelins for reconnaissance over the North Sea and Baltic and also for strategic bombing raids over Britain and the Eastern Front.

### **World War II Wikipedia**

World War II (often abbreviated to WWII or WW2), also known as the Second World War, was a global war that lasted from 1939 to 1945. The vast majority of the world's countries including all the great powers eventually formed two opposing military alliances: the Allies and the Axis. A state of total war emerged, directly involving more than 100 million people from over 30 countries.

### **WW2 and Aviation Facts History and Pictures**

Since writing that introduction in 1999, I have greatly expanded this website, covering many other aspects of World War Two and aviation. The site now features a large section on World War One aviators and aircraft.. The inter-war period, the so-called 'Golden Age of Aviation,' when fliers like Charles Lindbergh and Amelia Earhart captured the world's imagination, is covered.
