### **Red Flags That Warrant a Referral for Early Intervention**

At teachmetotalk.com I get so many questions from parents who want to know if their child should be evaluated by a speech-language pathologist or another developmental professional. Here's a list I compiled several years ago and have recently updated for red flags in a baby's development that warrant a discussion with your child's pediatrician about his or her development.

### **Child Talk Red Flags for Autism in Toddlers**

Importantly, typically developing toddlers use their gestures to both indicate what they want and to show others what they find interesting. They point--not only to things they want to wrap their little hands around, but also to things that they simply want to show their parents. This pointing to get their parents to look at things (technically called proto-declarative pointing) is an
