RELATED BOOK :

The Greatest Show on Earth The Evidence for Evolution

Richard Dawkins transformed our view of God in his blockbuster, The God Delusion, which sold more than 2 million copies in English alone. He revolutionized the way we see natural selection in the seminal bestseller The Selfish Gene. Now, he launches a fierce counterattack against proponents of "Intelligent Design" in his New York Times bestseller, The Greatest Show on Earth.

Objections to evolution Wikipedia

Objections to evolution have been raised since evolutionary ideas came to prominence in the 19th century. When Charles Darwin published his 1859 book On the Origin of Species, his theory of evolution (the idea that species arose through descent with modification from a single common ancestor in a process driven by natural selection) initially met opposition from scientists with different

Evolution and the Bible The Institute for Creation Research

The evolutionary system has been entrenched for so long that many people who otherwise accept the Bible as infallible have deemed it expedient to compromise on this issue. Thus, evolution has been called, "God's method of creation"; and the Genesis record of the six days of creation has been reinterpreted in terms of the evolutionary ages of historical geology.

History of Earth Wikipedia

The history of the Earth can be organized chronologically according to the geologic time scale, which is split into intervals based on stratigraphic analysis. The following four timelines show the geologic time scale. The first shows the entire time from the formation of the Earth to the present, but this gives little space for the most recent eon.
