A Nation of Sheep William J Lederer 9780393052886

Wm. J. Lederer's "A Nation Of Sheep" is probably more important today than when it was written, some 40+ years ago. I highly recommend a thoughtful re-read of this book before November. It is hard to find - except on Amazon.com - but well worth the effort.

A Nation of Sheep by Andrew P Napolitano Goodreads

Am reading Andrew P. Napolitano's book A Nation of Sheep, which is quite the experience so far. The book is about how our national government ignores, circumvents, and attacks the rights and liberties that are the foundation of our nation.

A Nation of Sheep by Andrew P Napolitano NOOK Book

In A NATION OF SHEEP, Judge Andrew P. Napolitano frankly discusses how the federal government has circumvented the Constitution and is systematically dismantling the rights and freedoms that are the foundation of American democracy. He challenges Americans to recognize that they are being led down a very dangerous path and that the cost of following without challenge is the loss of the basic freedoms that facilitate our pursuit of happiness and that define us as a nation.

A NATION OF SHEEP by William J Lederer Kirkus Reviews

KIRKUS REVIEW. This is an appalling indictment on every level:- governmental -- military --diplomatic -- economic -- operational. The press and other media of communication do not escape. But in final analysis, the blame is the gullibility, the apathy, the indifference of the great American public -- ""the nation of sheep"".

A Nation of Sheep Book Review Road to Peace

A Nation of Sheep -- Book Review. The key to the riddle lies in the causes of the blunders; and the chief cause is ignorance-- an overwhelming national ignorance--of the facts about the rest of the world. I bought this book at a used book shop for 10 cents because I thought the title was relevant. The book was

published in the 60s but still contains themes that are relevant today: mistrust of media, public ignorance, and corruption.
