Population transfer Wikipedia

Population transfer or resettlement is the movement of a large group of people from one region to another, often a form of forced migration imposed by state policy or international authority and most frequently on the basis of ethnicity or religion but also due to economic development. Banishment or exile is a similar process, but is forcibly applied to individuals and groups.

College and university rankings Wikipedia

College and university rankings are rankings of institutions in higher education which have been ranked on the basis of various combinations of various factors. Rankings have most often been conducted by magazines, newspapers, websites, governments, or academics. In addition to ranking entire institutions, organizations perform rankings of specific programs, departments, and schools.

Conduct of hostilities How does law protect in war

4. Definition of military objectives. P I, Art. 52(2) and (3) [CIHL, Rule 8]. Introductory text. When the focus of the law on the conduct of hostilities shifted from the prohibition to attack undefended towns and villages[] to the rule that only military objectives may be attacked, the definition of military objectives became crucial. The principle of distinction is practically worthless unless
