Dedication There is no hesitation on my part as to who this book should be dedicated to. It is Kenneth Ring, PhD, author of Heading Toward Omega, Lessons from the Light, and many other provocative works of exceptional research and remarkable insight. It was Ken who validated Raymond Moody's efforts, and in so doing, established near-death research as the field of study it is today.

Near death studies Wikipedia

Near-death studies is a field of psychology and psychiatry that studies the physiology, phenomenology and after-effects of the near-death experience (NDE). The field was originally associated with a distinct group of North American researchers that followed up on the initial work of Raymond Moody, and who later established the International Association for Near-death Studies (IANDS) and the
