How To Make Soap Natural Homemade Soap Recipe for Hand

For Brenda soap can only be made with lye. If there is no lye then it is a synthetic detergent and that is more drying for the skin. Glycerine is a by product of soap making and in china they make huge batches of soap just to extract the glycerine for use in cosmetics. All natural soaps are glycerine soaps. I hope this helps.

Natural Soap Making Ingredients Lovely Greens

A lot of people shy away from making soap due to experience with the harsh lye soap their grandmothers made or because the thought of putting caustic soda into personal care products scares or puts them off. As I shared above, soap making is essentially the chemical reaction between oils, which are acids, and lye, which is a base.
