### **Positive psychology Wikipedia**

Origin. The term positive psychology dates back at least to 1954, when Maslow's first edition of Motivation and personality was published with a final chapter titled "Toward a Positive Psychology." In the second edition (1970), he removed that chapter, saying in the preface that "a positive psychology is at least available today though not very widely."

### **Psychology Wikipedia**

Psychology is the science of behavior and mind, including conscious and unconscious phenomena, as well as feeling and thought. It is an academic discipline of immense scope and diverse interests that, when taken together, seek an understanding of the emergent properties of brains, and all the variety of epiphenomena they manifest. As a social science it aims to understand individuals and groups
