### **A Treatise of Human Nature Wikipedia**

A Treatise of Human Nature (1738 40) is a book by Scottish philosopher David Hume, considered by many to be Hume's most important work and one of the most influential works in the history of philosophy. The Treatise is a classic statement of philosophical empiricism, skepticism, and naturalism. In the introduction Hume presents the idea of placing all science and philosophy on a novel

### **State of nature Wikipedia**

The state of nature is a concept used in moral and political philosophy, religion, social contract theories and international law to denote the hypothetical conditions of what the lives of people might have been like before societies came into existence. Philosophers of the state of nature theory deduce that there must have been a time before organized societies existed, and this presumption
