Verbal and Non Verbal Communication by Percentage

Awesome. Image Source. The verbal communication role would be to provide the raw, informative and neutral data.. The nonverbal communication would be used to add the "flavor" to show attitude and emotion to the otherwise "dry" data.. So we really need both without non verbal cues we will look and sound like robots, without the verbal component we would return to the stone-age and

Communication Wikipedia

Nonverbal communication describes the processes of conveying a type of information in the form of non-linguistic representations. Examples of nonverbal communication include haptic communication, chronemic communication, gestures, body language, facial expressions, eye contact, and how one dresses. Nonverbal communication also relates to the intent of a message.
