### **Forces for Good The Six Practices of High Impact**

Back in 2004, authors Crutchfield and Grant, faced with a dearth of literature that addressed the unique challenges to nonprofits and philanthropists in a new age, studied twelve entrepreneurial nonprofit organizations that were deemed "high impact." Out of that study came six practices that made a huge difference between success and failure.

these crystallised into six practices. The first four are more external, and these four entail special practises inside the organisation that help these non-profits relate more effectively to their environment. So the last two are internal practise that enable high-impact nonprofits to operate successfully in the outside world and bridge
