Unschooling Wikipedia

Unschooling is an educational method and philosophy that advocates learner-chosen activities as a primary means for learning. Unschooling students learn through their natural life experiences including play, household responsibilities, personal interests and curiosity, internships and work experience, travel, books, elective classes, family, mentors, and social interaction.

Homeschooling In Vermont

Child-Led Learning: Amy Bell: The term "unschooling" was coined by John Holt to mean not sending children to school. The term has been stretched and changed since then, and those of us who refuse the entire school model have taken the word "unschooling" for our own.

Autodidacticism Wikipedia

Autodidacticism (also autodidactism) or self-education (also self-learning and self-teaching) is education without the guidance of masters (such as teachers and professors) or institutions (such as schools). Generally, an autodidact is an individual who chooses the subject they will study, their studying material, and the studying rhythm and time.
