

REPORTING IN PROJECT MANAGEMENT

RELATED BOOK :

Project management Wikipedia

Project management is the practice of initiating, planning, executing, controlling, and closing the work of a team to achieve specific goals and meet specific success criteria at the specified time. A project is a temporary endeavor designed to produce a unique product, service or result with a defined beginning and end (usually time-constrained, and often constrained by funding or staffing

Project management triangle Wikipedia

The Project Management Triangle (called also the Triple Constraint, Iron Triangle and "Project Triangle") is a model of the constraints of project management. While its origins are unclear, it has been used since at least the 1950s. It contends that: The quality of work is constrained by the project's budget, deadlines and scope (features).; The project manager can trade between constraints.
