Dynamics NAV Net Multi Image Add In Control Part 1

Code available on Github. If you search Google for Dynamics NAV item pictures you will find that there are a few examples out there for easily associating a picture with an item. However, there is not much on displaying multiple images for an item. This is a challenge I had to solve for my employer.

Dynamics NAV Net Add in Control With Custom Events and

What this blog post will not be covering is how to create a control add-in, sign it, register it in NAV and add it to a page. The MSDN documentation covers that information well enough.. Also note that I have done this example in NAV 2013 R2. As far as I know, this will work in NAV 2009 R2 and 2015.
