Doula Wikipedia

A doula (/ d u l /), also known as a birth companion, birth coach or post-birth supporter, is a non-medical person who assists a woman before, during, or after childbirth, to provide emotional support and physical help if needed. They also may provide support to the mother's partner and family. Unlike a midwife, doulas are not medical professionals and therefore cannot administer

What Does A Doula REALLY Do Birth Takes a Village

If you've been researching doulas and what they can offer during childbirth, you've probably read something like the following on a thousand websites: Doulas offer resources and education during prenatal and postpartum visits, provide emotional and physical support as comfort measures during birth, and advocate for your birth choices. But what does a doula do during the actual birth?
