13 Signs Of A Toxic Parent That Many People Don't Realize

Toxic parents often turn their children into their own parental substitutes by demanding their attention at all times. This can be seen as bonding between the parent and child, but it is really a parasitic relationship that requires too much of the child's time and energy when they should be focused on learning other skills.

Toxic Parent What is a toxic parent

The phrase toxic parent was coined to describe parents whose own negative behaviour grossly inflicts emotional damage which contaminates their children's sense of self. This means parents who abuse their children verbally, physically and/or sexually, as well as parents who are inadequate or ignore their children's emotional needs.
