Pendragon Journal of an Adventure through Time and Space

Pendragon: Journal of an Adventure through Time and Space, commonly known as Pendragon, is a series of ten young-adult science fiction and fantasy novels by American author D. J. MacHale, published from 2002 to 2009. The series chronicles the adventures of Bobby Pendragon, an American teenager who discovers that he must travel through time and space to prevent the destruction of the ten "territories": critical locations throughout the universe.

Pendragon series Book Review Common Sense Media

The Pendragon fantasy-adventure series is very popular with middle-grade readers, particularly boys, with good reason. While these books don't have the same balanced level of humor, feeling and character development that the great Harry Potter series has, D.J. MacHale creates a fascinating, original world where the stakes are always high and readers are constantly in suspense.
