How to Be Black by Baratunde R Thurston Goodreads

How to be Black presents itself as more of an ode to the African-American race than a memoir, but it soon lets you know that it is in fact the latter. Racial humor can be exploitative but the reviews on this book looked positive so I took the plunge. It is literally

a book on how to be Black, but in addressing the subject it proves how absurd that idea is. It gives insight on the extra stresses a person of color has to go through just to live day to day in white culture in America.
