The Big Short The Barnes Noble Review

The Big Short is not the story of the crisis, as the crisis is commonly understood. The failure of Lehman brothers and of Fannie Mae and Freddie Mac; the stock-market crash; the bail-out of Detroit; the fevered all-nighters pulled at Treasury and the New York Fed; the fears that the entire global financial system was on the brink of collapse

Book Review The Big Short CBS News

As good as I thought his other books were, he has outdone himself with The Big Short. Lewis has done an incredible job researching the origins of the financial crisis.

The Big Short 2015 IMDb

"The Big Short" is a dramatized film of true events. And to make sure we understand, the actors break the fourth wall several times to tell us what part is true to the detail and what part is fictionalized to make it more dramatic. But if you are still incredulous, read the book. The events are all sadly true, and we are still paying for it.

The Big Short Audiobook by Michael Lewis Audible com

Noting the popularity of The Big Short, I cannot help but feel a lot of people must understand financial instruments much better than I and I need to study up on the subject. The book was long on the process that brought the world to its financial knees and quite a bit shorter on the story of the people involved.
