What are the best books for learning ECG interpretation

For beginners, read ECG made easy by John Hampton. For more advanced learners, read ECG in practice by John Hampton. If you want practices, read 150 ECG cases by John Hampton. These 3 books are in the same series and written by the same author. I highly recommended them.

EKG Interpretation The Best EKG Books to Read

2. On to the next E K G book, which I believe is the most effective E K G learning book ever published: 12-Lead ECG: The Art of Interpretation by Tomas Garcia and Neil Holtz. How I used the book. Start on page 1. Some of the content may seem elementary, but understanding the why and how of E K Gs is important for mastery. Think about the first 70 pages (part 1) being a much clearer version of what Dubin s book was trying to teach.
