Grasses as Container Plants Gallery Garden Design

Grasses, sedges and rushes are major players in gardens from coast to coast. But their textures, colors and toughness also have them headed for stardom in another role as container plants. Here against a varied backdrop of settings at Cheekwood Botanical Garden & Museum of Art in Nashville, Tennessee, are examples of the tall and the small, the bold and the delicate something for

Urban Small Space and Container Gardening Prepper's Will

Our backyard is too small to have a 20ft-x-20ft garden space tilled up. You live smack in the middle of town and your driveway takes up pretty much all of your yard. As a matter of fact, with all of our mass urbanization, an overwhelming majority of us have very limited space, especially for gardening, but not anymore.

Container Gardening with Native Plants Yerba Buena

Attracting Birds, Butterflies and Pollinators Many of the same plants that attract bees, birds, and butterflies to your in-ground garden can be used to good effect in containers. A box outside your kitchen window with Buckwheat and Penstemon can attract bees, butterflies, and hummingbirds from spring into late summer. Since plants that are cared for in pots often bloom longer than their

Potted Plants For Full Sun Growing Container Plants In

Perennial potted plants for full sun. Planting a mixed perennial herb garden is a great way to use a full sun container. Many of the Mediterranean herbs do well in this environment. Tarragon, lavender, thyme, rosemary, and many others grow best in full sun and are well suited for containers.. Desert plants, like agave, and heat-tolerant perennial flowers, like lantana, are other good choices.
