Square foot gardening Wikipedia

Square foot gardening is the practice of dividing the growing area into small square sections (typically 12" on a side, hence the name). The aim is to assist the planning and creating of a small but intensively planted vegetable garden. It results in a simple and orderly gardening system, from which it draws much of its appeal.

DIY Square Foot Garden Planting Templates Vegetable Gardener

wildernessny writes: I did a modified square foot gardening in some of my beds this year and had very good success. I made a 16 hole jig. However I drilled holes and glued little pegs that are used when laminating wood together. They were great for the fine seed like carrots and beets.
