World history Wikipedia

World history or global history (not to be confused with diplomatic, transnational or international history) is a field of historical study that emerged as a distinct academic field in the 1980s. It examines history from a global perspective. It is not to be confused with comparative history, which, like world history, deals with the history of multiple cultures and nations, but does not do so

New U S History textbook smears Trump supporters 'Not

But the textbook's woeful author acknowledges Trump did. He was strongly anti-free trade as Sanders was and, like Sanders among the Democrats, Trump tapped into the sense of alienation and being left behind that many

voters most of all white poor and working-class voters felt.
