International Political Economy Thomas Oatley

Thomas Oatley's International Political Economy provides essential background to the interplay of economic behavior and political institutions. It takes seriously the role that economics plays in defining the interests of political actors but also introduces the student to the operation of institutions that govern international trade and finance.

Oatley Debates in International Political Economy Pearson

Broadly viewing the global economy as a political competition that produces winners and losers, International Political Economy holistically and accessibly introduces the field of IPE to students with limited background in political theory, history, and economics.
