### **The Language Instinct Wikipedia**

The Language Instinct is a 1994 book by Steven Pinker, written for a general audience. Pinker argues that humans are born with an innate capacity for language. He deals sympathetically with Noam Chomsky's claim that all human language shows evidence of a universal grammar, but dissents from Chomsky's skepticism that evolutionary theory can explain the human language instinct.

### **The Language Instinct Steven Pinker book review**

As the title suggests, Pinker's The Language Instinct supports the theory that language is innate and that humans have a common "universal grammar". This is a major theme of his book. Another is the correction of common misconceptions about language and the refutation of popular "factoids" with no basis in reality.

### **Language acquisition device Wikipedia**

The Language Acquisition Device (LAD) is a hypothetical module of the human mind posited to account for children's innate predisposition for language acquisition.. First proposed by Noam Chomsky in the 1960s, the LAD concept is an instinctive mental capacity which enables an infant to acquire and produce language. It is a component of the nativist theory of language.
