

CYBER WAR BOOK

RELATED BOOK :

Cyber War The Next Threat to National Security and What

Cyber War is a powerful book about technology, government, and military strategy; about criminals, spies, soldiers, and hackers. It explains clearly and convincingly what cyber war is, how cyber weapons work, and how vulnerable we are as a nation and as individuals to the vast and looming web of cyber criminals.

Book Review Cyber War Schneier on Security

Book Review: Cyber War. Also interesting is the discussion of the asymmetric nature of the threat. A country like the United States, which is heavily dependent on the Internet and information technology, is much more vulnerable to cyber-attacks than a less-developed country like North Korea.

What are the best books about cyberwarfare Quora

A new fictional book on cyberwar is Cyber War I. A bit technical, almost like a primer on attacks, but less dry than non-fiction. There is no other fictional read that serves as a primer on computer security like this book. This book explains DDoS attacks, Ransomware; even how the Tor network (darknet) works.
