### **Best Foraging Books Books on Edible Plants**

My Foraging Library. By Hank Shaw 21 Comments. Photo by Holly A. Heyser. Edible Native Plants of the Rocky Mountains, which has some of the best botanical illustrations I ve ever seen in an edible plant book. Many of the plants described also live in California, and each account is far more thorough than Clarke s book. <http://ebookslibrary.club/download/Best-Foraging-Books-Books-on-Edible-Plants.pdf>

### **Best Foraging Books Foraging for Wild Edibles**

There are lots of foraging books available nowadays and we haven't read them all. This list is just based on our experience. These are our most dog-eared references. The Forager's Harvest: A Guide to Identifying, Harvesting, and Preparing Wild Edible Plants This is probably one the best foraging books currently available.

### **Edible Wild Plants Goodreads Share book**

This is a very serviceable book concerning foraging for wild, edible plants in the US and Canada. The aspects that drew me to this book were the multiple processing options for the edible plants. The text breaks down how to locate, identify, harvest and then eat the various species, including which ones are best made into jam, eaten raw or

### **Foraging Texas Wild Edible Plant Book Reviews**

The book's drawings are pretty good but its photographs are small and not very useful for positively identifying plants. A large part of the book is devoted to plant fibers and dyes, but it does also include recipes. Buy it if you are serious about foraging in Texas, but be aware that only a small portion is devoted to edible plants.
