How much does it Cost to Lease a Used Tractor

With a true lease, you make payments for a set period of time (2-5 years) and at the end you may walk away from the tractor, or you'll have the option to purchase the tractor for 10% of the original finance amount - (so if you financed \$50,000, you would then own the tractor for a final lump sum payment of \$5,000) while with an equipment finance contract you would own the equipment at the end for a final payment of \$1.
