Written in the Blood is the sequel to The String Diaries, which I read last year and really enjoyed. Not sure why it's taken me so long to get around to this one, but now that i have, I can report that it's just as good as it's predecessor. ### **Book Review THE STRING DIARIES STARBURST Magazine**

The String Diaries gets points for an interesting premise and strong female protagonist, but stumbles in the execution, with cookie-cutter characters, too much fantasy and not enough grit. If you re looking for a little

menace in your thriller, then give it a go, but well-read horror fans should give it a miss.
