RELATED BOOK :

Fiction Wikipedia

Fiction broadly refers to any narrative that is derived from the imagination in other words, not based strictly on history or fact. It can also refer, more narrowly, to narratives written only in prose (the novel and short story), and is often used as a synonym for the novel.

Horror fiction Wikipedia

The genre of horror has ancient origins with roots in folklore and religious traditions, focusing on death, the afterlife, evil, the demonic and the principle of the thing embodied in the person. These were manifested in stories of beings such as witches, vampires, werewolves and ghosts. European horror fiction became established through works by the Ancient Greeks and Ancient Romans.
