Bye Bye Beehive A Hairstyle Blog

My favorite step and trick to the whole process is Step 6, where you give your bun that added bit of volume. I know the slicked-down look is so popular in the military, but I think a nice, full bun (especially if your hair is fine like mine) looks so much better and really elevates the whole look.

Hair Wikipedia

Hair is a protein filament that grows from follicles found in the dermis. Hair is one of the defining characteristics of mammals. The human body, apart from areas of glabrous skin, is covered in follicles which produce thick terminal and fine vellus hair. Most common interest in hair is focused on hair growth, hair types, and hair care,

but hair is also an important biomaterial primarily composed

Ear hair Wikipedia

Ear hair generally refers to the terminal hair arising from follicular cartilage inside the external auditory meatus in humans. In its broader sense, ear hair may also include the fine vellus hair covering much of the ear, particularly at the prominent parts of the anterior ear, or even the abnormal hair growth as seen in hypertrichosis and hirsutism.
