The Compound Effect Jumpstart Your Income Your Life

Okay, so you need to know that I have been a serial self-help book junkie! I was hopeless! This was the first self-help book that "cured" me and helped me see the light, so to speak (the other one, read about the same time, The Slight Edge, is also EXCELLENT; it has the same message, and further reinforced my cure)!

Compound interest Wikipedia

Compound interest is the addition of interest to the principal sum of a loan or deposit, or in other words, interest on interest. It is the result of reinvesting interest, rather than paying it out, so that interest in the next period is then earned on the principal sum plus previously accumulated interest.

Compound linguistics Wikipedia

In linguistics, a compound is a lexeme (less precisely, a word) that consists of more than one stem.

Compounding, composition or nominal composition is the process of word formation that creates compound lexemes. That is, in familiar terms, compounding occurs when two or more words are joined to make one longer word. The meaning of the compound may be similar to or different from the meanings
