David Brooks The social animal TED Talk

Columnist David Brooks unpacks new insights into human nature from the cognitive sciences -- insights with massive implications for economics and politics as well as our own self-knowledge. In a talk full of humor, he shows how you can't hope to understand humans as separate individuals making choices based on their conscious awareness.

The Social Animal The Hidden Sources of Love Character

While i like david brooks a lot actually, and often find his political commentary interesting and expressed well, i was ultimately dissatisfied in his book, the social animal. The device of harold and erica was so filled with boring and unimportant information and stereotypes that i almost gave the book up.
