

## **THE NEW BABY BOOK**

## RELATED BOOK :

### **The New Baby by Mercer Mayer Goodreads Share book**

The new baby is a book about the little critter that is super excited for the new baby at his home. So he tries doing things with his baby sister that makes him upset and sad because his baby sister doesn't laugh at his funny jokes or pays attention at his stories.

### **The New Baby Mercer Mayer 9780307119421 Amazon com Books**

The baby in this is a girl, but didn't seem to make a difference to my preschooler. It is one of the few big sibling books out there that cover the frustrations of a new baby (e.g. Can't play with baby at first) in a positive way, without giving them ideas of things to be upset about (that they might not have thought of yet).

### **My New Baby by Rachel Fuller Board Book Barnes Noble**

This is a great new baby book for this age group. My son chooses this book regularly, and wants us to read it over and over again. The simple text and bright illustrations are a great introduction to the idea that the family structure will be changing.

### **New Baby by Mercer Mayer Paperback Barnes Noble**

As with other books in this series, Mayer really captures a young child's perspective in this book. I love when Little Critter asks what a baby can actually do. The story is sweet and the illustrations are cute.

### **The New Baby book by Mercer Mayer Thriftbooks**

This book was a hit - he requested it every night before and after she was born. I liked that it used short simple language to explain what it would be like with the baby around and gave ideas to the older sibling for ways to play with the new baby. The "What to Expect" book and Calliou's book were both not as good.
