A socio cultural approach to code switching and code

The Myers-Scotton (1993b; 1998) Markedness Model has been employed as the main backbone theory in the analysis of the socio-cultural functions and motivations of code-switching. The Markedness Model is considered to be a useful tool in which to analyze code-switching because it accounts for the speaker s socio-psychological motivations when code-switching (Myers- Scotton 1993b:75).
