Gender role Wikipedia

A gender role, also known as a sex role, is a social role encompassing a range of behaviors and attitudes that are generally considered acceptable, appropriate, or desirable for people based on their actual or perceived sex.

Gender roles are usually centered on conceptions of femininity and masculinity, although there are exceptions and variations. The specifics regarding these gendered

Gender roles in childhood Wikipedia

Gender roles are stereotypes that are culturally based which create expectations for appropriate behavior for males versus females. An understanding of these roles is evident in children as young as age 4 and are extremely important for their social development. Gender roles are influenced by the media, family, environment, and society.

Gender role Simple English Wikipedia the free encyclopedia

Gender role is the idea that people should behave in certain ways because of their gender. As an example, in a hunter-gatherer economy, men usually do more hunting and women do more gathering. In a money economy, it was traditionally the role of the man to earn money, and the role of the woman to educate the children.
