### **When daughters grieve the death of their mothers Lisa**

A childhood death of a parent can be a devastating event. How the child grieves is extremely individual and based on the child's age when the parent died, the cause of the loss, the quality of the parent-child relationship prior to the death, and the support system available both at the time of the loss and afterwards.

### **Grief Wikipedia**

Grief is a multifaceted response to loss, particularly to the loss of someone or something that has died, to which a bond or affection was formed. Although conventionally focused on the emotional response to loss, it also has physical, cognitive, behavioral, social, cultural, spiritual and philosophical dimensions.
