Vanished is the 1st book in the series, and it is not as good. But it is not terrible, either -- it has solid writing with a solid storyline and for the most part, a somewhat believable context. There are no huge gaps in logic (a killer for me in a mystery).

### **Book review of Vanished Readers' Favorite Book Reviews**

I chose Vanished? by Christer Tholin to review because I enjoy stories set in Sweden and its neighbouring countries, and often watch them on television. This book did not disappoint, although it could be described as a cosy mystery. While there was a crime to solve, the hero, Martin, is sensible and does not act out of character.
