Top Annuity Interest Rates Current Annuity Rates

The later in the client's life the payments begin and the shorter the term, the more interest the annuities will pay. Look for rates between 4% and 5%, and pay attention to bonus rates on 10-year annuities, because they consistently rank highest with the least down-side risk.

Today's Best Fixed Annuity Rates Annuityfyi.com

Multi-Year Guarantee Annuity is a term used to describe a fixed annuity that has an interest rate guarantee for the same period of time as its surrender period. For example, an annuity with a guaranteed interest rate of 5% per year for five years, where there are no surrender penalties after five years.

What is an Annuity Rate ImmediateAnnuities.com

Annuity rates for secondary market annuities are often based on the interest rates in effect at the time the original annuity was created. For example, if interest rates were 7% in 2000 and an immediate annuity issued in 2000 were to become available for purchase today, the annuity rate quoted for such an SMA would be 7%, regardless of whether
